Studsvik negotiates co-operation in the DOE market

Studsvik AB and a major American company are in the final phase of negotiating a co-operation to utilize Studsvik's THOR technology on waste materials which are in the possession of the U.S. Government including U.S. Department of Energy (DOE).

Studsvik is already, through it's Erwin facility, established in the U.S. market for treatment of radioactive waste from commercial nuclear power plants.
